TANKS BOMBED

Severe Blow For Nazis

LONDON, June 7 (BWS)-One of Germany's most vulnerable points, her oil stores refineries and synthetic petrol plants in the Ruhr and near Hamburg, were bombed for the fifth night in succession on Wednesday.

In the opinion of officials of the Petroleum Press Bureau, if the raids continue at the present rate they must, in time, seriously weaken Germany's ability to keep her armies and industries supplied. NO MORE IMPORTS

It was added that the great bulk of her stocks must still be in western Germany because of the transport problem. Hamburg normally handles 4,000,000 tons of oil imports yearly.

Though imports ceased abruptly last September, huge storage tanks there and Bremen must have contained a large proportion of Germany's accumulated stocks. The Hamburg tanks probably have, or had, a total capacity of 1,500,000 tons.

From official reports of the raids there and at Bremen, it may be estimated that one-third of the stock has been destroyed. Many other lesser, but still important. storage and refining plants have been effectively attacked in the Rhineland and hydrogenation plants in the Ruhr.

EVENTUALITY PARIS, JUNE 7 (REUTER) — THE MILITARY COMMENTATOR, M. CHARLES

MORICE, SAYS THE GENERALS UNDER GENERAL WEYGAND ARE CONVINCED THAT THE ENEMY WILL BREAK HIS TEETH ON THE IMMENSE FRONT.

HE ADDS THAT MAXIMUM PRECAUTIONS HAVE BEEN TAKEN IN THIS BATTLE. Reuter's military correspondent in London says that the defensive positions that were prepared

in less than three weeks have held the enemy's armoured forces at most points. This is the outstanding feature of the battle up-to-date. " When the enemy claims an advance in territory, the French defences move with him and he is

in the same position as before, except far weaker for a renewed attack. However, it is too soon to be optimistic because the Germans are capable of terrific blows and have immense infantry reserves which can be thrown into the battle, . General Weygand's reserves are also considerable and are ready to face such an eventuality.

H. WICKHAM STEED SAYS -

After The Allies Have Defeated His Armageddon Of Evil

Speaking yesterday in the "World Affairs" series, broadcast from Daventry, Mr. Henry Wickham Steed struck an encouraging note when he said that "the British and French armies, with their people behind them, will have a tale to tell, and the tale will not be pleasant for Hitler, who, will be forgotten and merely remembered as a system that darkened the path of human progress, when the Allies have defeated his armageddon of evil."

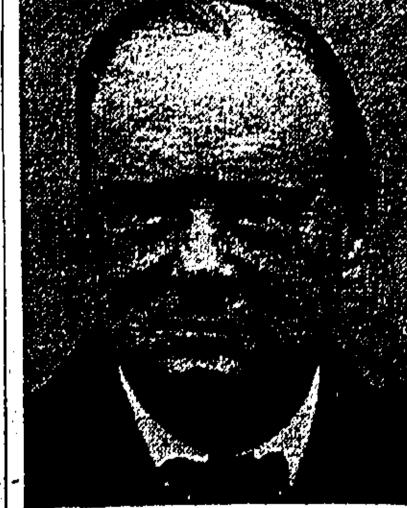

This well-known authority on International Affairs said that the rush and speed of the war which got going about a week ago was not unlike 1914 which also started with a rush.

"We will not forget March 21, 1918, when General von Ludendorf made his lightning attempt. but even that was nothing like the rapidity of the last month, if we are to look back on the invasion of Holland in five days, Belgium, and the "blitz" on the Meuse.

Looking back upon those events, i m the speaker said, one could see why the Prime Minister asked the nation to prepare for "hard and heavy tidings."

Then, said Mr. Wickham Steed. came what Mr. Churchill so aptly called the miracle of deliverance. The rescue of the 355,000 men. British and French, apart from the many more who were taken to France, was in Itself a feat that must go down as brilliant when the history of this present war comes to be written.

BREATHE MORE FREELY "We can breathe more freely now," he said, "for the enemy's superiority in equipment and materials will soon be wiped off. Time has been on our side and it will continue to be on our side.

Mr. Churchill said it was a miraculous deliverance.

"The days which the Germans lost after Dunkirk have proved to who thought that after his successes in the Channel ports Hitler would strike at England. Instead he turned south.

"Hitler is in a terrible hurry." said the speaker, "why we can only guess. We now await the outcome of the battle of the Somme. "It is plain that a hard battle is ahead of us, but it is also plain

that Hitler will strike with all the might he can muster. We can only hold our breath and wait." FLANDERS BATTLE Turning to the battle of Flan-

The Chinese aggregation looked fairly good last week but I still feel that their pitching staff is not up to championship calibre even with Nip Lum providing the inspiration from behind the plate.

In Abe Liu, Chung Hwa certainly has the most experienced pilot in local baseball and Abe's masterminding swings plenty of weight when the going gets really tough. THE JUNE MEETING OF THE MACAO JOCKEY CLUB will be held at the Areia Preta Course tomorrow afternoon when the main attraction in a programme of six events will be the Chairman's Cup over one mile for "Y" Class China Ponies. Tickets are limited to 75,000 and from reports received sales are exceptionally brisk.

LAPPA HANDICAP (FIRST SECTION—ONCE ROUND)

This opening event should prove surprise. very interesting as all the entrants are evenly matched and a close finish is anticipated despite the probable small field. I am inclined to favour Phoenix as I know this pony likes a bit of distance and is quite fit at the moment. Not long after the announcement of the Hongkong cameramen having obtained distinction in the Los Angeles Salon, they have again gained worldwide fame in the recent. Annual Overseas Competition of '1939-40, organised by the Amuteur Photographer of London.

In spite of the continuous troubles arising from the present war conditions, the number of competitors has increased in such an extent as indicates that the amateur photographers are still carrying on their photographic arts as usual.

The A. P. Overseas and Colonial Exhibition consisting of a selection of the prize winners "from this competition, was held at the Royal Photographic Society of London last month, and nearly one-third of the exhibits was submitted by the local residents and the successful local winners are as toilows:-

Judgment For Hongkong And Shanghai Hotels

JUDGMENT WITH COSTS FOR THE DEFENDANTS. THE HONG-KONG AND SHANGHAI HOTELS, LTD., was given in the Supreme Court yesterday by the Chief Justice, Sir Atholl MacGregor, at the conclusion of the case in which the Commissioner for Executing the Office of Lord High Admiral of the United Kingdom, claimed £1,208. 4s. 7d. in respect of pension, passage home, pay and allowances and medical expenses for Commissioned Engineer W. A. Jones, who had to be invalided Home after a motor accident in the New Territories on July 24, 1938.

The case for the plaintiff was that the defendants were guilty of negligence in that the car, which had been hired out on monthly terms to Lt.-Comdr. Baines, had two smooth rear tyres. It argued that these tyres were the cause of the accident.

The defence was a complete denial of negligence.

In the witness-box yesterday, Mr. T. R. Parsons, manager of the Hongkong Hotel Garage, said that the car was in good condition when it was handed over to Lt.-Comdr. Baines. Sir Atholi said that a good deal was being done than the public knew, and we were ready and equipped to do a great deal more, though he was not in a position to disclose any information.

Sir Atholl referred to letters that had been written in the press on the institution of a Government War Loan and war Savings Certificates.

He said he agreed with the view that we should put our money into a War Loan, but he reminded the meeting of what Sir Geoffry Northcote had said, and that was that he would gladly institute War Loan if the Home Government approved. Before such a loan could be floated, permission must be secured from the Lords Commissioners of the Treasury before TOKYO, June 7 (Reuter)-An it could be considered as a trustee

The B.W.O.F. was carrying its work in Government House because it was convenient to do so and they did not have to pay rent. Sir Atholi asked the meeting to disabuse itself of any idea that the B.W.O.F. excluded anyone, even the humblest. "They welcomed all who wanted to help.

A suggestion was then made that collections should be made of old papers, tins and other things which every household." possessed and how cash, which was so much needed, could be realised from sell-

The speaker mentioned that the public of the Colony was at the moment quite in the dark as to the extent of the Colony's war effort. There were many facilities in the Colony, he said, and Hongkong should take stock of its resources and do more to help.

It was resolved that the unexploited resources of the Colony should be investigated.

Other suggestions included adding five per cent. on bills at hotels and restaurants, doubling the present entertainment tax so that the more dramatically. U.S. NAVY'S PLANS TO GIVE ALLIES PLANES

Decision To Fly Bombers Across Atlantic

WASHINGTON, June 7 (Reuter)-The general reaction to the announcement that the United States Navy is immediately providing planes for the Allies is that the United States is step by step going into the war. The step is also regarded as an effective answer to Signor Gayda's warning to America on Thursday.

DRENCHED BLOOD"

Whichever Way Nazis Take

LONDON, June 7 (Reuter)-The New York paper Charlotte Observer writes, "a government and people which" can do that what Great Britain has just accomplished in extricating a large proportion of the trapped army in Flanders and transporting it across the English Channel, in spite of deadly and unrelenting fire from German attackers, must establish itself in the fair mind of the world as being unconquerable. Nations like this are never conquered."
